A.R.P. Wardens Can Register; Get Cards Now

MUNICIPAL HALLS ARE REGISTRATION CENTRES; ANNOUNCE NEXT MEETING

Now that registration forms and identification cards have arrived, Chief Warden Percy Jones is requesting that ARP Wardens of the M-S-A Area register and secure their cards as soon as possible. This may be done at whichever of the municipal offices, Whatcom Road, Abbotsford or Mt. Lehman, is most convenient. It is essential that wardens register at once.

At the ARP meeting held in Whatcom Road Hall on Wednesday night of last week, only about half of the Sumas wardens attended, the others missing valuable instruction in dealing with bombs, incendiaries and a demonstration by Sgt.-Maj. Gannor of respirators used in gas attacks. Reeve Alex Hougén was chairman.

Next ARP meeting arranged by the Civil Protection Committee will be held, Chief Warden Jones announces, in Aberdeen Community Hall on Wednesday, Mar. 18, at 8 p.m.

Mrs. Thompson Born At Hope 81 Years Ago, Dies

Lived In Valley All Her Life; Nine Great Grandchildren

A link with the pioneer days of the Fraser Valley was severed here Saturday with the death of Mrs. Mary Caroline Thompson, 81, in the home of her son, A. V. Herrling, Mt. Lehman road. Mrs. Thompson was born in Hope in August, 1860, and was married in 1876 to the late Chas. A. Herrling. She resided in Agassiz over 20 years, and later in New Westminster, where Mr. Herrling died in 1901.

In 1914 she married Edwin Thompson and resided at Pitt Meadows until his death in 1940, when she moved to Mt. Lehman. She leaves two other sons, Capt. J. A. Herrling and Fred W. Herrling, Vancouver, and two daughters, Mrs. A. R. Butterfield of Alameda, Calif., who was here when her mother died, and Mrs. William Kennedy of San Pablo, Calif. There are 13 grandchildren and 9 great grandchildren.

Funeral services were held from St. Ann's Church, Abbotsford, on Tuesday, at 10 a.m., interment being in Fraser Cemetery, New Westminster. Henderson Funeral Home had charge of the arrangements.

Pallbearers were J. A. Herrling, A. V. Herrling, H. H. Herrling, F. Eickhoff and J. Pollard.

To Establish Big Military Camp 20 Miles East of Here

Will Accommodate One Thousand Men at First As Training Centre for Infantry; Early Start

Establishment of a military training centre at Vedder Crossing, about 20 miles east of Abbotsford, will be undertaken immediately, according to word received by The News from George Cruickshank, M.P., Fraser Valley, now at Ottawa. Initial expenditure, it is understood, is placed at \$485,000 and construction tenders, Mr. Cruickshank states, are to be called as soon as possible.

BREAKS BIG NEWS

GEORGE CRUICKSHANK, M.P., from whom came the first intimation from Ottawa that a military training centre, long advocated by the Member for Fraser Valley, will shortly be established near Vedder Crossing.

CAMP MEETING WILL AGAIN BE IN ABBOTSFORD

The British Columbia District Camp Meeting Board of the Church of the Nazarene convened in the Church at Cloverdale on Saturday. It was agreed that the Annual Camp Meeting should again be held in Abbotsford commencing Thursday, July 23, and continuing to Sunday, August 3. Rev. Alfred J. Loughton, the pastor at Abbotsford, was again elected as Camp Manager. Delegates to the meeting from Abbotsford were Theodore Heppell, Fred Johnson and Rev. Loughton.

PTE. STAN. FUSSEY FOURTH CASUALTY FROM M-S-A AREA

Pte. Stanley Fussey, DCOR, passed away on March 3rd, in the Christie Street Hospital, Toronto. Stanley was stricken with Infantile Paralysis last summer and had been in an Iron Lung until his death. He came to Abbotsford from Manitoba in 1939 with T. V. Thompson, and was well known for his boxing ability, having taken part in local boxing contests, and also represented Abbotsford in Vancouver in 1940. He enlisted from Abbotsford in the DCOR during the summer of 1940. Military funeral services were held in Toronto. Pte. Fussey is survived by his parents, Mr. and Mrs. W. Fussey, Clarkleigh, Manitoba, three brothers, Charlie in the DCOR and two at home.

FOUR CANADIANS LOST ON BOMBER; MCPHEE AT RITES

Word was received Tuesday from Jimmy McPhee, RAF, in England that he had attended the funeral services held there on March 11 for Sgt. Observer Tommy Bennett, son of Mr. and Mrs. T. Bennett of Abbotsford, whose death in Air Operations was reported in The News last week.

Mr. and Mrs. Bennett also received yesterday official confirmation from Ottawa of the death of their son who, while in the RCAF, was attached to the Royal Air Force. Also killed when the bomber of which he had been a crew member for some time, was lost were three other Canadians, Flight Sgt. Reginald F. Robb, son of Judge W. T. Robb of Orangeville, Ontario; Flight Sgt. Chas. H. Brown of Hamilton, Ontario; and Sgt. Chas. Hackney of Toronto. It is believed here that as many more English officers completing the crew were killed when the large machine was destroyed during "air operations".

Tommy Bennett, Jimmy McPhee and the pilot of the bomber had been together on 12 days leave shortly before the final flight and had spent part of it at (Continued on Page 4)

M-S-A Area Tops Its Share of Higher Quota By 10 Per Cent.; 520 Applications For Over \$107,000; Henderson Leads Unit Salesmen

Total investment in Second Victory Loan bonds in Unit "C" of the Fraser Valley exceeds purchase of First Victory Loan bonds last June by over \$100,000, it was revealed by Unit Headquarters this afternoon. Total investment by the three districts of the Unit, Maple Ridge-Pitt Meadows, Mission-Dewdney-Harrison, Matsqui-Sumas-Abbotsford, in the three-weeks campaign is \$645,500 of which over \$454,000 was from general canvass and \$191,000 from "special names," corporations, etc. Grand total last year for the Unit was \$541,000.

M-S-A Equals 1941

Without benefit of "special names," the M-S-A Area has equalled the investment it made in the First Loan, \$107,000. Its quota was \$95,000 or \$20,000 more than last year's objective. About 520 applications aided the Area in topping its quota by 11 per cent.

District 1, Maple Ridge-Pitt Meadows, had 1187 applications for \$183,800 or 126 per cent of quota, general canvass. District 2, Mission-Dewdney-Harrison, has 599 applications for \$163,600 or 121 per cent of quota. These districts had quotas of \$145,000 and \$135,000 respectively. All the Unit "special names" investment also came from these two districts.

Unit objective was \$375,000 general canvass against \$275,000 last June, and at \$454, from 2300 investors it is topped by over 20 per cent.

Leading Salesmen

Among the six M-S-A salesmen, Harvey Henderson, team captain, who had the largest individual quota, turned in the largest number of applications, 118, and also led the 20 Unit salesmen in this respect. Roy Crist and Harry Taylor were first in Unit and District to reach their quotas and J. T. Hunter was next. D. E. McAllister secured the prize for largest percentage over quota by reversion from Mr. Crist, already a prize-winner.

Salesmen and committee workers of the three districts will attend a final rally at Haney on Thursday night when they will review the campaign. Food for the dinner has been donated and proceeds go to the Red Cross.

Weekend Dates Again Allotted C.F.V. Fall Fair

B.C. FAIRS DECIDE TO CARRY ON UNLESS BANNED BY MILITARY

British Columbia exhibitions and fairs will carry on as usual this fall providing the war situation does not become worse, causing the military authorities to refuse to allow any great number of people to gather in one spot.

This was decided upon at the annual meeting of the B.C. Fairs' Association held in New Westminster on Friday, when a debate on the question was followed by a unanimous vote to continue.

Announcement was made that the first annual parish show of the B.C. Jersey Breeders' Association would be held in New Westminster on May 27.

Juniors To Meet

Gordon S. Landon, district agriculturist, announced that some 300 boys and girls who are members of junior farm clubs throughout the Fraser Valley would meet in New Westminster on Friday, March 27.

Boys and girls showing an aptitude in judging will serve as apprentices this fall at the smaller fairs where they will be taken in hand by the regular judges. This idea was advanced in order (Continued on Page Five)

ST. PATRICK'S PARTY STARTED IN 1912

Since 1912, on March 17, the home of Mrs. Hannah Fraser has always been open to all who might wish to celebrate the honor of St. Patrick, Ireland's Patron Saint. This year, at 8 p.m., that custom clothed with all its pristine significance will be adhered to as usual. Songs and folk dances illustrating the life of an earlier day will be a feature of the occasion. Mr. A. S. Towell, director of education, will be the guest speaker.

Six Trophies Won by Local Badm. Players

Sixth Tournament For Junior Clubs Held At Haney

Six trophies were won by Abbotsford badminton players at the sixth annual Fraser Valley Junior Badminton championships played off this year in Maple Ridge Junior Senior High School Auditorium at Haney, on Feb. 27 and 28. Two cups were won by Gerald McAllister who defeated Gordon Grant in the boys singles under 15. He and Gordon Grant each won a cup in the boys doubles when they played against Clifford Mulburg and George Woolsey of Haney. Naida Daly and Joyce Clarke won trophies in the girls doubles under 15. Runners-up were Betty Bader and Lilace Lind of Abbotsford. Janet Golas won a trophy in the mixed doubles under 18 when she played with Allan Trethewey of Haney, against Gerald Mullins and Eva Hay of Abbotsford. Ivan Golas and Gerald Mullins of Abbotsford played a close and exciting game in the boys doubles under 18 but lost to Allan Trethewey and Ken Broe of Haney. Vital Darwin in Australia Bombed Twice

Japanese warplanes struck their first blows at the Australian mainland when flights of bombers twice raided the port of Darwin on the

northern coast. One hundred bombers, protected by fighters, took part in the raids which damaged military installations. At least four were shot down. Darwin is a strategic

centre, is strongly garrisoned as this Australian gun crew indicates. It is connected with the south by a new road linking the two railheads, Birdum and Alice Springs.

SPECIAL "NEWS" IN THIS WEEK'S NEWS

In view of recent announcements, there is special "news" for housewives of the M-S-A Area on the inside pages of this issue of The News. There is an old saying: "a wink is as good as a nod to a blind horse" but we are sure that M-S-A menu-providers are not blind.

M-S-A Asked the Question 15 Years Ago

Fifteen years ago Sumas Prairie Assembly, No. 26, Native Sons of Canada, made a determined effort to draw to the attention of Parliament at Ottawa the already serious inroads being made into British Columbia industry by Orientals. At that time the M-S-A Area enjoyed the benefits of a large logging and lumbering industry, the mills being located on Mill Lake, Abbotsford.

The original effort of the Native Sons took the form of mailing to every Federal member as well as to other individuals of influence, a "planer end" or short piece of finished lumber. To this piece of wood was attached a white sticker printed with red and blue inks and bearing crossed Union Jacks and the slogan, "Must B.C. Secede?" The sticker, a souvenir copy of which has been loaned to *The News*, also carried this message:

"British Columbia's Forests—a Souvenir. With the compliments of Sumas Prairie Assembly, No. 26, Native Sons of Canada, Abbotsford, B.C. I am (referring to the piece of wood) a native of British Columbia, produced to this stage by 65% Oriental Labor. We have, in our Province, 46,000 Orientals who are unfairly competing with white labor.

"The Dominion collects the Head-tax, while the Province of British Columbia carries the burden. Having paid this tax, these Orientals are entitled to reside somewhere in Canada. Should the Oriental Labor Problem become unbearable to British Columbians, and should they in their extremity decide to secede from the Dominion to deal with this problem—to what other part of Canada will these Orientals be acceptable?

The question was well put and while British Columbia has not yet seceded from the Dominion, Ottawa has lately been given the answer and apparently in no uncertain terms. When the Government finally realized the Japanese in B.C. were a menace and suggested transferring them to Quebec, Ontario and the Prairies there was a prompt announcement from these other parts of Canada that Orientals were not acceptable. Consequently all that can be now done is to shift the Japanese to another part of British Columbia.

As stated editorially by *The News* last week, "Ottawa's chickens have come home to roost." Sooner or later, this problem must be solved and because of the years of indifference on the part of the Dominion government it is now much more involved. Among Post-War headaches has been added the question "What is to be done with the Japanese? They are not acceptable to any part of Canada!"

Words of Warning

(The Cowichan Leader, Duncan)

If we don't read or listen to another word to-day, let us get the following into our heads:—

Herbert Lash, director of public information, Ottawa, says this: "We are facing the most dreadful year in our history."

Dorothy Thompson says: "Whether Americans know it fully or not, this is the most critical year in our entire history, and before next summer we may know whether the United States is still a great world power or a cowering island outflanked in two oceans, and with exultant enemies right here on our soil."

Squadron-Leader Ernest McNab, D.F.C., is a veteran pilot of the Battle of Britain, son of the Lieutenant-Governor of Saskatchewan, and now liaison officer between the R.C.A.F. and the U.S. Army Air Corps. He told a Vancouver audience last week that the fall of Singapore would leave the west coast of North America exposed to attack by sea and air.

He warned that the present was the "gravest time" since the fall of France. He said that he was not "scaremongering," but giving "straight facts to be faced by every one of us with unselfishness."

Listen to Admiral William H. Standley, new U.S. ambassador to Russia, speaking in San Diego a week ago: "America can be licked . . . we've been too damned successful in previous wars . . . too many of us are sitting with our hands complacently folded while we wait for 'George' to win the war . . . The only thing that will win this fight is unity of purpose and effort."

"I don't think we'll have much use for a new church building unless the U. S. wins the war. So I suggest that the church organ and building fund (\$1,085.85) be used to purchase defense bonds."—Rev. C. B. Atkinson, First Baptist Church, Sullivan, Ind.

CANADA'S WAR EFFORT

A weekly review of developments on the Home Front.

Movement of Japanese from coastal area of British Columbia begins. Three-man commission of British Columbia citizens known as "The British Columbia Security Commission" in charge. Austin C. Taylor, Vancouver, chairman. Approximately 23,000 persons of Japanese origin affected.

Orders in Council, tabled in Commons, provide for (a) removal of all persons of Japanese origin from "protected" areas in British Columbia, (b) dusk to dawn curfew for Japanese in protected areas, (c) surrender by person of Japanese origin of motor vehicles, arms, ammunition, cameras, radios. Vancouver court sentences a Japanese to six months for evading curfew regulations.

Government notice given in Commons of War Appropriation Bill of \$2,000,000,000 covering year ending March 31, 1943. (With gift of \$1,000,000,000 worth of foodstuffs and supplies to Great Britain, this brings estimated war expenditure for coming fiscal year to \$3,000,000,000.)

Victory Loan passes \$600,000,000 objective. New objective set at \$900,000,000.

Further contingent of Canadian-trained airmen arrives in Britain.

Metal ski poles, metal fishing rods and golf clubs may not be manufactured after February 27 and may not be sold by manufacturer after April 29. Effective immediately, instructions issued by G. C. Bateman, Metals Controller in the Department of Munitions and Supply, prohibit the use of tin, except by permit, for the making of more than 50 household and kitchen articles.

Announced that since war began, 9,000 ships have left Canadian shores in convoy carrying 55,000,000 tons of food and war supplies.

Entire Canadian pack of canned salmon and canned herring allocated to United Kingdom. Probable value: Around \$20,000,000.

Gasoline for pleasure motor boats drastically curtailed.

Lieut.-Gen. McNaughton Inspects C.P.R. Tanks

THE stepped-up tempo of tank production at Angus Shops, Montreal, was evident everywhere when Lieut.-Gen. A. G. L. McNaughton made a detailed inspection of the big Canadian Pacific plant, whose machinery is turning out increasing numbers of medium weight "Valentines" for the armed forces.

Accompanied by ranking officials of the Canadian Army and senior officers of the Canadian Pacific Railway, Canada's No. 1

the smallest parts to the finished product. He displayed keen interest in the construction of the speedy war machines, a type that has been highly praised by the Russians on the field of battle.

Highlight of General McNaughton's visit followed the shops inspection when six of the khaki-painted "Valentine" tanks, fresh from the Angus shops assembly line, raced out on the shops midway, where they wheeled, plunged, and went through various other tactics to show their manoeuvrability.

Above scene shows a group of Angus-built tanks awaiting shipment for "active service". Inset: Gen. McNaughton comments on some detail of tank construction. Others in the group include (left to right) H. B. Bowen, chief of motive power and rolling stock; Brig.-Gen. E. de B. Panet, Officer Commanding, M.D. 4; J. H. Berry, director general of automobile and tank production; Lt.-Gen. Kenneth Stuart, chief of the Canadian General Staff; D. C. Coleman, vice-president, Canadian Pacific Railway.

LETTERS TO THE EDITOR

No responsibility is assumed by the paper for the opinion expressed by correspondents.

The Editor of the A. S. & M. News, Abbotsford, B.C.

Dear Sir: Letters to the Editor which appeared in the A.S. & M. News about two weeks ago, from Mrs. Ellen F. MacNeill and Sara Wilshire Smith, would not have been written had the above mentioned parties known who the Mennonites are and what they stand for. The Mennonites are a religious group of people, who understand the Life and Teachings of our Lord Jesus Christ as being expressed in the four words: "Nonresistance to the evil." We believe that every real Mennonite should be a real Christian and as such should in no way be willing to shed blood of any human being knowing the Commandment of God: "Thou shalt not kill." Of course we Mennonites know, that we have obligations towards the country whichever adopts us. We are willing to sacrifice our life, as well property, if called upon, for the good of the country in which we live, in this case, Canada and this the Mennonites proved in the last war, especially in Russia, just as their forefathers did since 1525 under different governments of Europe, under which they lived.

But we Mennonites also know that we have obligations towards God. Every true Christian is one hundred per cent. loyal to his country and his government, but if something is demanded from him, that brings his convictions into conflict with the teachings and commandments of the Bible, his first duty is to obey God, no

matter whether it may bring him even martyrdom.

I am glad to say that the Mennonites are no exemption from other Christians in this matter. When Prussia tried to compel them to take up arms they left all their property and emigrated to Russia. When they thought that their religious freedom was threatened they left that country also.

We thank God that He has given us refuge in this country and under the British crown, where every subject has a right to live up to his religious convictions. This we saw when the Government at the start of this war gave permission to more than 25,000 young men in Great Britain alone not to take up arms.

I believe the fear expressed in one of the letters that the

Mennonites may get control over every business and a monopoly of the poultry business especially is ungrounded.

If that should happen, it would mean the old order of things in a new disguise. We think that a new order of living will come into being after this war, and that our government will look after that, so all will be able to make a decent living and no individual or group of people will be able to exploit their fellow men. I want to state in the close of this letter, that I believe that every Christian will agree with me and every Mennonite share my point of view.

I thank the Editor for the space given this letter. Sincerely, Geo. Funke, Abbotsford, B.C.

Do You Remember? Fifteen Years Ago In the M.S.A. Area From the A. S. & M. News of March 9, 1927

Mrs. H. MacNeill is the winner of two advertisement writing prizes offered through a city newspaper by business and professional men.

Thirty pairs of Chinese pheasants have been received from the Game Board, and have been liberated at points on Sumas and Matsqui prairie.

A small quantity of men's attire and one blanket was stolen from Lee's store on Tuesday when the thief apparently made entrance through a rear window.

Weir's Garage is preparing to build a modern garage on property on Essendene Ave. The dimensions will be 60x100 feet and the material reinforced concrete.

Chas. P. Holbrow is advertising Early St. George potatoes for sale at \$2.50 a sack.

Tenders will shortly be let for a one-room schoolhouse, to be built at Kilgard.

Sumas municipal council raised its mill rate by one to provide for extraordinary expenditures involved in the erection of two new schools.

APPOINTMENTS

The Wartime Prices and Trade Board has made the following appointments from the staff of the Dominion Department of Agriculture in connection with the work of the Seeds, the Feeds, the Fertilizers, and the Pesticides Administrators respectively:—

Western Supervisor:—G. M. Stewart, Plant Products Division, Vancouver, B.C., from Fort William west to the Pacific Coast.

Inspectors:—Officials employed in the regular inspection work of the Dominion Department of Agriculture, Plant Products Division, Production Service.

ADVERTISING

Don Belding, Pacific Advertising Association president, cautioned business men and manufacturers Friday not to let their products "go the way of those which vanished during World War I" because advertising of them was stopped.

He said newspapers are being more thoroughly read than ever because of the war news and that people are spending more time at home, and more are riding street cars and buses.

NEW DAIRY PLANT AT SUMAS OPENED

With Peter J. Elanbaas as its manager, the new Sumas Dairy Products Company was opened last week. The new creamery will provide a butter making plant for a large section of northeast Whatcom County that has been without creamery facilities. Other products to be made at the plant will include casein, whey and buttermilk.

WALTZES FOR COWS

Dreamy Strauss waltzes are inducing Eddie Berryessa's 180 cows at San Jose, Calif., to give thirty gallons more milk daily, the dairyman reports.

PRICES STRONG AT AUCTION SALE

Hog prices were strong at the Dennis Auction sale on Saturday, and prices were: sows, \$28 to \$31, butcher hogs \$17.50 to \$28 and feeders \$9. There were no weaners consigned. Good fresh cows were in demand and sold from \$40 to \$101. Beef cows were up, ranging from \$33 to \$90. Young stock ranged from \$17 to \$47.50, bulls from \$70 to \$100. Calves sold from \$50c to \$15. Horses sold from \$15 to \$33, poultry from 35c to \$1.05 and geese at \$1.75.

WARBLE FLY TREATMENT, MAR. 16

All dairymen are reminded that the second application for Warble Fly Control in Sumas area will be at the Whatcom Hall Monday, March 16. It is requested that all those who came to the Hall and distributed the material last time, will do so again. On that occasion there was good co-operation and the district was well covered. As no Derris will be available for 1943 it is highly important that the second application is well done.

Those who have not yet turned in their reports, please do so on or before March 16, to either Messrs. Oliver Blatchford, D. S. Heelas or E. B. McPhail, Municipal Clerk.

NUMBER FOUR—

Why Does My Neighbor Belong to a Cow-Testing Association?

By G. H. Thornberry, Assistant (Milk Records) Dairy Branch
Department of Agriculture.

A member of a C.T. Association is interested in the total amount of milk and butterfat produced by each of his animals during a 305 day milking period. (A two-year-old is allowed 365 days to a milking period.)

A study of each record on a comparable basis permits a systematic weeding out of the lowest producers. In this way the average production of a herd is gradually improved. As an illustration of what has been accomplished in this respect the average production of all cows on test in provincial C. T. Associations is now approximately 100 lbs. of butterfat higher than it was 25 years ago. It now stands at 362 lbs. of fat. Put in another way it only requires the production of 5½ milking periods to equal a ton of butterfat,

whereas 25 years ago it almost required the total fat produced by 8 cows to equal this amount. This indicates a very considerable saving of feed as a large portion of a cow's ration is used for maintenance, or body requirements, from which a dairyman gets no returns.

Not all of this 100 lbs. of butterfat increase is the result of culling for it is readily agreed that there has been a great improvement in the variety and quality of home grown feeds, which of course includes pasture.

A high-producing herd of dairy cows in a well-lighted dairy barn in the Sumas district.

Feeding practices have also been modernized and undoubtedly have played a very important part in making it possible for a dairyman to extract more milk and fat from cows whose inherited dairy qualities may be quite similar to the average run of good grade animals of 25 years ago.

SURPLUS STOCK

So that authenticity of all records may be unquestionable the Dairy Branch of the Department of Agriculture furnishes a certificate of production for the first record completed by a cow of 6000 lbs. of milk and 300 lbs. of fat or over.

All subsequent records are entered on this certificate so that it is really a complete and up-to-date report of an animal's milk and fat producing abilities while on test.

A TON OF BUTTERFAT

It seems very probable that in the future more stress will be placed on a life-time record. A young cow may be fed and cared for in such a way that she produces milk and butterfat in larger quantities than her normal

capacity calls for. Perhaps her digestive system has been impaired during her first or second lactation and she has to be culled from the herd. A potential producer of a ton of butterfat is sometimes unable to complete the job because the strain of milk production has been too great while immature.

IN C.T.A. HERDS

Recently particulars were compiled and published of 475 living cows, each having at least a ton of fat to their credit. The cow at the top of the list has a grand total of 4,774 lbs. of fat for twelve milking periods.

These cows are all in the herds belonging to members of C.T. Associations who are convinced it pays to test year in and year out.

LIVE STOCK VALUES

The average values per head of farm live stock in Canada in 1941 are estimated as follows (with the 1940 values per head within brackets): Horses, \$60 (\$63); milk cows, \$65 (\$51); other cattle, \$45 (\$37); total cattle, \$54 (\$43); sheep, \$8.47 (\$6.90); hogs, \$15.92 (\$11.81).

Help Canada and make money, too. Buy War Savings Certificates.

FARM SHOPS

Increased production is the farmers' part in National defence. The proper maintenance of farm tools and equipment will do much to prevent costly breakdowns and interruptions to farm jobs. An electrically operated farm shop is positively a money saving and time saving proposition every farmer should take advantage of. Minor mechanical repairs, to tools, harness and general farm property, done in your own shop, will do much in maintaining production.

If there is an AIR RAID ALARM

If there is an air raid alarm, don't telephone unless absolutely necessary. Leave the telephone system free to handle urgent calls by the authorities. Your safety may depend on this.

The recent blackout on the coast gave a significant warning of how the public can quickly overload the telephone system, interfering with vital calls.

Resist the impulse to telephone about unusual sights or sounds during the present critical days.

the home of Mr. Bennett's sister in London. Several messages expressing sympathy have been received from the officers of the RAF station to which Bennett was attached.

The memorial service held in St. Matthew's Anglican Church on Wednesday for Sergt.-Obt. Bennett was the most impressive ever held in Abbotsford. Rev. H. U. Oswald conducted the service and Rev. A. J. Loughton also officiated as chaplain of the Canadian Legion which was well represented. Cadets from Philip Sheffield High School, where Tommy had been a popular student, paraded for the first time in their new uniforms. Scouts and Girl Guides also attended

Geo. Cruickshank Describes Efforts Of B.C. Members To Convince Ottawa On Necessity of Ousting Japanese

Something of the effort put forward by George Cruickshank, M.P., Fraser Valley, and other B.C. Members now attending the Session at Ottawa, is revealed in the following letter received by the editor from Mr. Cruickshank.

"As you no doubt know, the main action that has been taken of late here by the majority of the B.C. Members has been in connection with the Japanese situation, and as your Member I can assure you that I have been taking a leading part in it and would be perfectly satisfied on the opinion of the Opposition as to how sincere and effective my action has been in this connection. It is probably reasonable that a few of us from B.C. have had to bear the brunt of the burden owing to the fact that the majority of the Japanese population are within our Ridings, and we believe we have a better first hand knowledge of the seriousness of the situation.

MANY OBSTACLES

"There have been many obstacles in the way of getting the action that we desired and as soon as we thought to be necessary. First, it had to be considered what action might be taken by the Japanese in Hong Kong, Singapore and elsewhere against Canadian, British and Americans; secondly and obviously, accommodation had to be provided to move such a vast number of Aliens; thirdly, and probably most difficult, was to convince the East, and particularly certain of the Officials, both as to the need of action and the urgency of immediate steps being taken in this connection to safeguard not only our Province but what I honestly believe to be Canada's war effort as a whole. While we would prefer to have the Japanese moved out of our Province yet what we are most vitally concerned in now is to have them removed at once from the Coast area, and to this end five of us made and prepared a Brief, which might be called our final demand, and submitted it to the rest of the B.C. Members. Unfortunately Mr. Green, Mr. MacInnes and Mr. Stirling could not see their way fit to sign with us and Mr. McGeer, of course is in the hospital.

COVERS SITUATION

"We did not claim that our Brief covered all the points necessary of the ultimate solution but I think when you read it that you will agree that, if we could have put it into effect that it pretty well covers the situation. Throughout I, together with certain of the other B.C. Members, have insisted that we were not satisfied with the removal of Japanese Nationals only, but demanded they be considered as Japanese irrespective of where they were born. I have been insistent that, in so far as my riding is concerned, they at once be moved from the Ruskin area, and

I was successful in having both permits and licenses, for the purchase of powder that had been issued to Japanese individuals, Japanese owned or partially owned Companies, cancelled, and all powder confiscated. I understand that it appeared in the Vancouver press that permits had been issued for the purchase of powder since the war by the Japanese principally through the City of New Westminster. This was information furnished me by letter, which I have, by the R.C.M.P. They afterwards corrected themselves but I am sorry to say the permits for the purchase of powder were issued by certain Police within my own Riding, but pages of permits were issued during 1941, nearly all by Surrey. By insisting upon action I secured the immediate cancellation of licenses to have a magazine of powder by Japanese logging companies on Vancouver Island.

IMMEDIATE ACTION

"I am sure the people of our District will be glad to know that the Order has been enlarged and it now embraces all Japanese. Effective steps are being taken to move between 1,000 and 1,500 immediately. This Order-in-Council will become effective as of today, (Feb. 25).

Mr Cruickshank enclosed a copy of the Brief mentioned in his letter. It is addressed to Hon. Ian A. Mackenzie, Minister of pensions and national health, and is captioned: "Movement of Japanese from the British Columbia Coast." It is signed by: George Cruickshank, Tom Reid, Olaf Hanson, R. Mayhew, T. O'Neil, G. Turgeon, G. E. L. MacKinnon and A. W. Neil, and states:

Nearly every British Columbia Member has since the beginning of this Session pointed out to the Government the menace to Canada of having so many enemy aliens of one national origin concentrated on our Coast, and principally in our largest cities. Apparently, the many representations which we have made have not had any apparent effect on the Government. The Prime Minister made a statement in the House which, in our opinion, is not sufficiently clear and does not include in its proposal many of the Japanese who would be dangerous to us and helpful to our enemies.

The undersigned wish to make a few definite recommendations which we hope will have your approval and also the Government's:

(1) We recommend that all Japanese be moved from the Pacific Coast to a point or points east of the Cascades or the lines described by the recent Order in Council.

(2) The order of movement to be (a) Japanese Nationals; (b) Naturalized Japanese Canadians; (c) Canadian-born Japanese.

(3) That a family be regarded as a Unit, and that the movement be in groups of Units or Families, not by Sex or Ages.

(4) We wish an Order to be issued, effective at once, that all truck, car, fishing and radio licenses be cancelled; that all radio transmitting sets, receiving sets and weapons of every sort be delivered to the nearest Police Officer at once.

(5) That no powder, explosives or detonators be sold to any Japanese or to any Japanese controlled interests, and that all powder, explosives and Detonators now in the hands of the Japanese be confiscated at once.

(6) That all Japanese be ordered to report immediately to any of the following centres where they will be given suitable accommodation until they can be moved to more permanent quarters, the centres to be: Prince Rupert, Alberni, Nanaimo, Victoria, Vancouver, New Westminster and Kamloops.

(7) That a dusk to dawn curfew be instituted immediately.

(8) We ask that the evacuation be completed by April 15th.

The wise use of capital on the farm is associated with the amount of business transacted and the rapidity of turnover. It has been found that on a profitable farm the annual receipts should equal capital invested in about four years—"Success in Dairy Farming", Pamphlet No. 50, Dominion Department of Agriculture.

Canada 1942

The publication is announced by the Dominion Bureau of Statistics of the 1942 edition of the Official Handbook of "Canada".

"Canada 1942" covers the present situation in the Dominion from Atlantic to Pacific, the weight of emphasis being placed on those aspects which are currently of most importance. So far as space permits, all phases of the country's economic organization are dealt with and statistics are brought up to the latest possible moment. The text is accompanied by a wealth of illustrative matter.

COLORED INSERT

The Introduction reviews Canada's war effort, covering the development of her armed forces, the financial steps that have been taken and the governmental organizations that have been created and their principal activities. It also reviews Canada's economic condition at the close of 1941. This Introduction is followed by a special article dealing with Canada's Attractions for the Vacationist, which is accompanied by a four-page scenic insert in colour.

The economic survey deals with population, production, trade, manufactures, transportation, labor, finance, education, etc.

The price of the publication is 25c. Application should be made to the King's Printer, Ottawa.

SPECIAL OFFER

A special offer of 10c a copy has been authorized in the case of teachers, bona fide students, and ministers of religion since past experience has shown that considerable use has been made of this publication for educational purposes. Application for copies under this Special Distribution should be addressed to the Dominion Statistician, Ottawa. Postage stamps are not acceptable.

In view of the fact that the supply of stable manure for market gardening is becoming less year by year, it is not only feasible but very desirable for market gardeners to make composts from their vegetable and other waste materials in order to provide organic matter much needed for the soil.

A British War Savings poster says: "Buy nothing for your personal pleasure or comfort."

FARM LAND VALUES INCREASE IN B.C.

Higher farm land values for Canada as a whole, and for most provinces, are indicated in the 1941 estimates, says an official report. The average value of occupied farm lands in Canada increased from \$24 to \$25 per acre.

Increases occurred in the three Maritime Provinces, Quebec, Manitoba, and British Columbia. There was no change in Alberta but a decline of \$1 per acre was reported from both Ontario and Saskatchewan. The Dominion average, while higher than 1940, is still much below the values reported prior to 1929 when values ranged from \$37 to \$40 per acre.

These Ersatz Clothes Are Tough

You may shudder at ersatz clothes and plastic is an ersatz material, but you may wear them before long. These are air-raid suits, made from flame-resistant cloth and reinforced with plastics in the back, the breast section and head section to deflect flying shrapnel and even bullets in the event of a bombing.

SPRING TEA AND FASHION REVUE, APRIL PROJECT

Junior Hospital Auxiliary members made plans to hold a Spring Tea and Fashion Revue at the home of Mrs. J. A. Taylor on Wednesday, April 1, when they met with Miss Opal Marriotte at the home of Mrs. A. H. Ashdown on Monday evening. Mrs. H. S. Andrews represented the Senior Auxiliary and she passed on a message from Miss J. B. Archibald, R.N., Matron at the M-S-A Hospital, that the baby incubator purchased by the Juniors was in use at the hospital. Refreshments were served by Mesdames R. D. Cleland, R. B. Carrick, D. Clement and A. Abercrombie. The next meeting will be at the home of Miss Freda Nelson on May 11.

MISSION CIRCLE MEETS

The Women's Circle of the Upper Sumas Mission met on Tuesday, March 3 in the church. In the absence of Mrs. Aish, Miss Baynes acted as secretary. Mrs. W. Porter, Sr., gave a devotional reading and Mrs. W. G. Fadden read an article on "The Conversion of the Jews". The members devoted the afternoon to missionary sewing, after which tea was served.

PURCHASE PROPERTY

Mr. and Mrs. Boyd, who have occupied the home of the late Mr. and Mrs. E. Austin, Sr., have moved to Sumas Prairie. Mr. and Mrs. Dawson, Jr., of Abbotsford have purchased the property and are taking possession shortly.

HIGHWAY UNIT OF RED CROSS HOLDS SUCCESSFUL TEA

A very successful afternoon social and tea was held by the Highway Unit of the Red Cross at the home of Mrs. W. S. Hill-tout on Wednesday. A quilt made by the members was raffled and won by Mrs. Donnelly. Over \$25 worth of tickets had been sold on this raffle and regret was expressed that Mrs. Jansen, who had sold \$11.50 worth of the tickets, was unable to be present owing to sickness. Refreshments were served to 22 guests.

Poplar

Mr. and Mrs. T. D. Smith received word that their son, Pte. Ivan Smith, recently fatally hurt Overseas, has been buried in the Canadian plot of the Brockwood cemetery, England. A granite headstone with a carved maple leaf is to be erected.

A moving picture show, given by Mr. T. A. Leach of the C-I-L and sponsored by the Poplar Red Cross, was held at North Poplar School on Thursday evening. After showing films on the value of fertilizers, pictures of thoroughbred horses were shown, also one featuring principal events of 1940. The sum of \$7.50 was raised for the Red Cross.

MANY ARTICLES COMPLETED FOR M-S-A RED CROSS

Matsqui Red Cross report the following work completed during February: 1 doz. pillow slips, 4 women's gowns, 4 boys shirts, 8 men's shirts, 6 girl's pyjamas, 6 doz. handkerchiefs, 10 pairs men's socks, 4 pairs women's stockings, 4 pairs mitts, 17 face cloths, 2 children's sweaters, 3 service sweaters, 6 baby blankets, 4 women's blouses, 12 baby gowns, 3 doz. belts.

TEACHER JOINS R.C.A.F.

Mr. Axel Ebbeson has resigned from his school, and joined the RCAF. He and Mrs. Ebbeson, who are at present guests of his parents, Mr. and Mrs. Ben Ebbeson of Matsqui, expects to leave next week for Vancouver.

ABBOTSFORD AIDS FAMILY WHICH HAS ESCAPED GUERNSEY

Through the efforts of the Abbotsford "V" Bundles for Britain and the "V" Bundles of Vancouver, aid has been given to relatives in England of Mrs. H. C. Green of Poplar. A nephew writes to Mrs. Green in appreciation of clothing which his wife and children, who had escaped from the Channel Islands, had received.

ANDREW JOHNSTON

Funeral services were held in Vancouver on Thursday for Andrew Johnston, father of Miss Marjorie Johnston, teacher on the Abbotsford Elementary school staff. Mr. Johnston passed away in the city on Mar. 1. He was in his 59th year. Besides his daughter here, he is survived by his wife, two daughters, Helen and Beatrice, and a brother, J. D. Johnston, all of Vancouver.

DECORATED

For bravery under fire during the evacuation of Dunkirk, Commander Horatio Nelson Lay of Berrie has been awarded the Polish Cross of Valor, Poland's second highest award. Commander Lay is the son of Mr. and Mrs. H. M. Lay of Barrie and a nephew of Prime Minister King. During Dunkirk Commander Lay was in charge of the Canadian destroyer Restigouche and was responsible for transporting a number of Polish soldiers to England.

PRESIDENT PRAISES WORK

One of the highlights of the presidential address of Mr. Geo. C. Derby, given at the recent 23rd annual meeting of the B.C. Division of the Canadian Red Cross Society was his tribute to the approximate 30,000 volunteer women Red Cross workers, mainly the "sewers and the knitters". Commenting on the report of Mrs. H. A. Ramsden, provincial chairman of the Women's Work Committee, he said: "The women are an inspiration to us men, who have been privileged to see their work. I would that the men of the country were doing their duty as the women are."

B.C. THIRD IN CANADA

Red Cross women volunteers of British Columbia take a bow! According to Mrs. Ramsden, the output of Red Cross supplies during the past year in B.C. is more than one and a quarter million articles of all types. This is a third of all provinces in Canada. This province also holds first and second places in certain types of supplies. Neither is the record built upon a large amount of small articles, but on large numbers of the more difficult supplies to make—hospital bed and surgeon gowns, pneumonia jackets, knitted body belts and face masks. "The high standard of workmanship is maintained and there is now a feeling of pride in turning out perfect articles," Mrs. Ramsden said.

SHORTAGE OF MATERIALS

The serious shortage of materials is presenting a problem. A survey reveals inability to supply such staples as flannelette, sheeting and factory cotton. Every effort is being made to fill requisitions from branches, reported Mrs. Ramsden. "It is most essential to knit only articles needed and asked for," she said.

B.C.'S QUOTA

She explained the quota system instituted by the National Red Cross to control the type and quantity of civilian clothing, allotting certain sizes and quantities to each province. B.C. was given layettes, toddler's outfits, boys' and girls' clothing in three sizes and men's shirts in three sizes. She urged that workers make from Red Cross materials only those articles included in B.C.'s quota.

To the time the war broke out on the Pacific all supplies were shipped Overseas, but since then, none have been shipped out of the province.

"Never have so many persons done so much without pay. It is not through the genius of the few, but the faithfulness of the many that so much has been achieved," she concluded.

Spring Flower Show Project Major Item At Monday Meeting

TO APPOINT THREE MEN TO EXECUTIVE

Appointment of new officers to fill vacancies on the executive and means of overcoming possible handicap of gasoline rationing to attendance at the Spring Flower Show will be major matters before the monthly meeting of Abbotsford & District Board of Trade on Monday. It will be held in the Canadian Legion boardroom, Abbotsford, at 8 p.m. Resignation of Len, Zink, first vice-president, who has enlisted in the Canadian Army; of A. W. Webb, highway and transportation chairman, who is employed in a Coast War Industry; and of

PILOT OFFICER NOW

Word has been received by Mrs. F. A. G. Gerty of Abbotsford that her husband, now in England with the RCAF, has received his commission as Pilot Officer.

John Midmore, membership chairman, who recently accepted a position in Regina, will be dealt with. Dates of the Spring Flower Show, sponsored jointly by the Bradner Bulb Growers' Ass'n and the Board, are April 10, 11 and 12, and a progress report on preparations will be made by the joint committee headed by J. S. Daly. The public is invited to submit names and addresses of persons to whom they would like invitation cards featuring the daffodil show mailed during the next few days (Send the names care The News office).

SIX TROPHIES

(Continued From Front Page)

year, mixed doubles under 15, Gordon Grant and Betty Bader defeated Gerald McAllister and Jean McNelly, all of Abbotsford. Winner in the girls singles under 15 was Naida Daly, playing against Joyce Clarke, both Abbotsford players.

Reaches Semi-Finals

Little Bobby Boyer, only seven years old, won favor from the audience for the cheerful way in which he played his singles and doubles against other boys under 12. He reached the semi-finals in singles and teamed with Lawrence Cleworth to play in the finals of the boys doubles against George Woolsey and Clifford Mulberg. In the girls singles under 12, Clair Boyer of Haney defeated Virginia Van Meeuwen; and in the girls doubles under 12 Clair Boyer and Virginia Van Meeuwen won over Doris Bird

and Nellie Hanna. George Woolsey won in the boys singles under 12 with Clifford Mulberg as runner-up. Janet Golas was defeated by Mary Cleworth in the girls singles under 18. In the boys singles under 18 Allan Trethewey won with Gerald Mullins of Abbotsford as runner-up. Girls doubles under 18 was won by Mary Cleworth and Mary Franklin, playing against Janet and Vivian Golas.

Presentations

At the close of the games Mr. T. Davidson presented the cups to the players and complimented the committee and players on an interesting tournament, the first to be held in Haney. The Junior Club presented Mrs. E. Trethewey with a lovely bouquet in appreciation of her part in making the tournament a success.
